JOHN GAINS NEW VIEWS OF PEOPLE

OUR WORLD FAIR VISITORS SEE STRANGE SIGHTS.

NO LET UP TO THE NOVELTIES

Everything Conceivable Under the Sun, Is Witnessed at the St. Louis Exposition.

St. Louis, Oct. 10.—Your readers have no doubt noticed that I had said nothing about the wonderful spectacle produced by the night illumination, the cascades, the lagoons and the gardens. I have not attempted a description of this, the most impressively beautiful feature of the exposition because it is indescribable. No words that I am able to command could convey any conception of the dazzling beauty and magnificence of this spectacle. What's the use of trying to draw a "word picture" of this spectacle when you haven't the words to do it with and when the artists themselves cannot depict its glories or transfer its color and motion to canvas?

Jane has used her kodak industriously and has taken pictures of it from every conceivable point of view but these "snap shots," be they ever so beautiful, are flat, lifeless and colorless things compared to the real spectacle. It is the only thing at the fair that makes John speechless. He is willing to talk and write about everything else but when the thousands of electric lights are turned on and the water begins to rush down from the sculptured grotto in front of Festival Hall and goes splashing in cascades down to the Grand Basin, he sits in a dazed condition and views it in silent awe—just like everybody else does.

This fair was not built on a flat, boggy marsh as was the Chicago fair. It is true that it has no lake for a background but it has picturesque, wooded hills and ravines and these have made possible landscape, fountain and cascade effects more beautiful than anything that could be produced on a prairie such as Chicago used in building her fair. So far as water is concerned, St. Louis didn't need the lake to produce these matchless water effects that constitute the main picture of the fair. Ninety thousand gallons a minute go tumbling down the three cascades, and there are two miles of lagoons over which launches and gondolas are constantly gliding.

There are four hills which the exposition builders utilized to the highest artistic advantage. On one of these is the United States government building, on another the Japanese gardens and pavilions while the central promenade with the connecting ridge from the cascade effect. At the center of this ridge is Festival Hall a noble and stately edifice and from it on either side extends a grand colonnade forming the Terrace of States each terminating in a large pavilion. The side cascades have their sources in fountains in the centers of large basins in front of each pavilion while the central cascade flows from a high grotto in front of Festival Hall. These torrents of water rushing over illuminated steps at night look like stairways of molten gold and green stretching away to the summit of the sculpture-crowned hill between gardens of red and yellow canna and spouting geysers and spouting dolphins and—

But I said I would not attempt to describe this spectacle and I will not. All that the crowd can say when it first bursts upon its vision is "Aw!" and "Aw!" all day long until late at night. Better do like John and say nothing. After John looks at it for an hour he wants to go over and watch them feed beavers in the Forestry building so as to realize that he is still on earth.

F. R. A. BANQUET NEXT THURSDAY

Big Time Being Planned at West Side Odd Fellows Hall—Beloit Delegation Coming.

Next Thursday evening the members of the Fraternal Reserve lodge in this city and many of the Beloit members will banquet at the West Side Odd Fellows hall in honor of their first anniversary. Invitations have been sent out to the heads of a large number of lodges throughout the state and many are expected to respond. An elaborate feast and a great time is anticipated by all.

RALPH M'GUIRE HAS PASSED AWAY

Moved with Parents From Janesville to California, on Account of Ill Health.

Ralph Elliott McGuire, an exemplary young man of 25 years of age, son of Peter A. and Harriet McGuire, passed peacefully out of this life recently at the home of his parents, in California. Death was not unexpected as he had been ill for a number of years. The family went to that state a little over a year ago on account of the health of Ralph, after extensive travel in other sections of the country for the same reason. It will be remembered that Peter McGuire was formerly a merchant in this city and is a veteran of the Nineteenth Wisconsin Infantry volunteers.

JANESVILLE TEAM AGAIN WON FIRST

Canton Comes Home from Wausau—James' Fathers Elected Treasurer of State Department.

Robert Scott, Edward Smith and the drill team of the Patriarchs Militant, C. O. F., in this city, have returned from Wausau where they were in attendance at the grand encampment of the state. The team came home with the first prize for drilling and James' Fathers with the office of treasurer of the state department. The full Canton of Patriarchs from this city gave an exhibition on the courthouse square in Wausau and escorted the grand officers back to the meeting hall. The regular routine work of the grand lodge was performed and James' Fathers was honored in the election of officers for the ensuing year. The Canton from here has taken the first prize for three years now, at Baraboo in 1902, at Madison last year and Wausau this year.

The Janesville Canton is acknowledged all over the state as the crack team and Grand Representative Honor of Milwaukee, assured Captain Koebelin that he could have carried off first money in Class B at the United States meeting of the Grand Sovereign lodge in California last month had they been there. The first prize at these contests is a thousand dollars and Mr. Koebelin has been requested to compete for the purse next year in Philadelphia where the next meeting of the Grand Lodge will be held. The members of the team are Captain F. H. Koebelin, Lieut. Walter Kerry, Ensign James' Fathers, W. H. Blair, W. B. Stoddard, C. H. Schwartz, W. H. Parish, J. F. Hutchinson, Wm. Z. Winkler, Dr. Geo. H. Webster, J. P. Wright, L. S. Holmes, L. V. Paul, William Coleman and S. Knox. James' Fathers of this city was elected treasurer of the Patriarchs Militant, H. J. Suttle of Viroqua was made president; C. L. Grand of Durand, vice-president; and Richard Hoe of Milwaukee, secretary. At the session of the State I. O. O. F. Mr. Fathers was also made treasurer of that organization. E. C. Zimmerman of Wausau was named as Patriarch; Alex. Johnson of Chippewa Falls, High Priest; H. J. Suttle of Viroqua, Junior Warden; L. O. Holmes of Baraboo, Scribe; George Ripond of Ashland, Inside Sentinel; J. W. Salter of Unity, Outside Sentinel; E. H. Kohorn of Milwaukee and D. W. John of Marinette, Representatives. The latter were instructed as Sovereign Grand Lodge representatives to aid in having a law enacted limiting applications for the degree of chivalry to Odd Fellows and their wives and daughters. Mineral Point was chosen as the place for holding the next meeting.

YOUNG MATRONS FORMED A GUILD

Trinity Church Ladies To Assist in Sunday School Work and Parish Visiting.

At a meeting of the young matrons and young ladies of the Trinity church in this city recently, was formed a guild to aid in the Sunday school work and parish visiting. The society was named St. Faith's Guild and Mrs. W. Decker was elected president and Mrs. W. E. Smith secretary. No other officers were considered necessary as the society will have no money to handle. The members are all communicants of the church and any young lady or young matron being such and complying with any one of the objects of the guild may become a member.

DON CARLOS HAD LARGE AUDIENCE

And Delivered a Very Interesting Address Before the Fraternal Aid Association.

Over a hundred people interested in fraternal work listened to the address of Don Carlos of Lawrence, Kansas, president of the Fraternal Aid association. Thirty from Beloit, including the drill team, were in the audience. The program was interspersed with several orchestra numbers and proved very interesting and entertaining.

TRIP TO FREEPORT ON OCTOBER 25

Is Planned by the Local Odd Fellows—Forty Expect to Go From Here.

Members of Rock River Encampment No. 3 will meet with Canton Janesville No. 9 at West Side Odd Fellows hall this evening to make arrangements for a pilgrimage to Freeport on Tuesday, Oct. 25. The lodge at the latter city has extended an invitation to the Janesville order to be present on that date and confer the degree encampment degrees on thirty applicants. The Illinois state officers will be present and a big banquet will follow the ceremonial. There are fifteen members on the local degree team and it is thought that a total of forty will make the trip.

BLIND PROTEST AGAINST FOOD

Boys at State Institute Tell Board of Control That They Do Not Get Enough to Eat.

In the midst of a land of plenty it is charged that starvation rations are being meted out to those unfortunate enough to be blind who are attending the state institution at Janesville. Twenty-one students make this charge. That they are in earnest is evidenced by the fact that they have signed a petition of protest against their daily bill of fare and have forwarded it to the headquarters of the state board of control at Madison.

Cutting Down Expenses The signers are all young men. While there are ninety pupils at the school and a large proportion of them girls, the young men were unwilling to reveal their proposed plan of communicating with the state board to the young women for fear that the details might reach the ears of Supt. Showalter and the action might be blocked in its incipency. That is the statement they gave out last evening. They further allege that the superintendent recently informed them that the state cut down expenses at the institution last year to the extent of \$5,500 and expect to do even better the present year.

Went to Bed Hungry John Baer of Hartford, Herbert Cobley of Eau Claire, and Gus Luenberger of Elgin, Ill., are three of the young men who are alleged to have gone to bed hungry one night recently, and, being unable to sleep, to walk to town to get something to eat at a restaurant. There are doubtless many who, knowing Supt. Showalter, will be disposed to believe that the charges are exaggerated, but the students think that the order to reduce expenses came from the governor's office, possibly for the purpose of making a showing in the next campaign, and that most of the saving is made in the culinary department. When asked this morning whether or not he had any statement to make with regard to the matter Supt. Showalter said that he had not yet decided in his own mind whether or not the charges merited any reply. Should he arrive at a decision to make a public answer he would communicate with the Gazette office later.

Who is who? 'FALL FEED' FOR THE BAPTIST BOYS

Fifty Members of Christian Templars To Enjoy Annual Event Tonight.

Fifty members of the Christian Templars of the Baptist church will enjoy their annual "Fall Feed" at seven o'clock this evening. The boys refuse to allow even the shadow of a suggestion of formality to interfere with this enjoyable affair. Hence "feed" instead of "banquet." After full justice has been done to the material side of the feast, the after dinner program will open with a piano duet by Robert Clark and Willie Phelps. Leigh Woodworth will then address the banquet on "The Templars, Ancient and Modern." An original story by Mattand Palmer, a recitation by Roger Cunningham, a song by Mr. Koschlin, "Athletics" by Ray Cox, an address on "The Right Sort of Feller" by Rev. R. M. Vaughan, and tricks of legery, demand will constitute the balance of the entertainment.

VERY INTERESTING SESSION

Meetings Have Been Full of Good to the Future Welfare of the Church.

Last evening the meeting of the Presbyterian Synod of the state came to a close. It has lasted three days and there has been in attendance nearly one hundred ministers and lay delegates and about seventy-five at the meeting of the Women's Synodical Missionary society of the Presbyterian churches in the state which has lasted through Wednesday and yesterday and ended their sessions

at the same time as the synod. The session was a popular meeting, the women joining with the men as they have done each evening before, and also three of the churches of other denominations, namely, the Methodist, Congregational and Baptist. The music and song service was enjoyed by all, and besides the singing of the special quartet, there were solos by Mrs. Rexford and Prof. Eastman, who recently came from Plattville and opened a studio in this city. The address of the meeting was given by Rev. E. C. Ray, D. D., of New York city, on the subject, "The Teaching Church."

Shaw Not Here.

Rev. John Balcom Shaw, D. D., of Chicago, was to speak on "World Wide Evangelism," but was unable to come because of the extra amount of work in his new pastorate in Chicago to which he came but three weeks ago. By this failure of Dr. Shaw the people of Janesville and those who attended the meetings from out of town, missed an address by one of the greatest and most eminent divines of the country. It is less than seventeen years since the Rev. Dr. Shaw, then a recent graduate of the Union Theological seminary, took charge of a little neighborhood Sunday school on the upper west side of New York city. The church was organized in

Janesville High School Football Team.

At the beginning of the season the prospects of a good, fast and strong football team in the high school were not the brightest, but five of last year's players were back, two at their old positions and all the new material was practically green. In the first game which was contested at Whitewater with the normal eleven on there, showed no phenomenal work on the part of any of the Janesville team except Mahoney, who scored a touchdown on a fuke. But in the second competition for honors which was between the same two teams, each member of the local squad showed marked improvement and Whitewater had to content themselves with one crossing of the goal line. Last Saturday the real worth of the individual players at their positions and playing in unison with the rest was demonstrated when a score of thirty-two was run up against Beloit Academy's nothing. This goes to show conclusively that Janesville has a chance this year also, for championship honors and the challenges coming in from other schools throughout the state shows that other coaches and teams are of the same mind. Three more good hard games have been scheduled on this Saturday with Wayland Academy at Beaver Dam, one the next with Beloit high school and one with Janesville's old rival, Fort Atkinson on the twelfth of next month. The Beloit game will be an interesting contest because of the strength Beloit has shown in the games she has played thus far. Last Saturday in a fast snappy competition Freeport high school was defeated by a score of thirty-three to nothing. Many of Beloit's veterans are back and the Temby brothers back of the line, one at the position of full back and the other at left half, make a formidable pair in advancing the ball and also backing up the line. The photograph of the local team was taken at the Athletic park last Saturday just before the game and reading from left to right in the upper row, they are: Turney; Saxby; Willbur; Sennett; Ih; Caldwell; rh; F. Ryan, r; Mahoney, r; L. Burgess, J. Ryan, le; P. Connors, and Gallup. In the lower line from left to right are: Lee, rg; Wright, Galbraith, qb; Jevins, qb; Carle, R; Gooden, lg; Langdon (mascot) and J. Howland. Peeley, who plays at right end, was out of the city when the picture was taken and consequently is not in the above group.

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. COUNTY NEWS

MILTON.
Milton, Oct. 14.—The Business Men's Association held their monthly meeting Wednesday evening. A committee, consisting of P. M. Green, G. R. Boss and R. W. Brown, was appointed to investigate the peat fuel question and send samples of the Koshkonong article to an experimental factory in Chicago.

The friends and neighbors of Mr. and Mrs. F. E. Osborn, who were married at Janesville Wednesday, gave them a reception on the evening of that day at their pleasant home in this village. It was an enjoyable event and gave the people an opportunity to become acquainted with the bride.

Miss Lucy E. Walker has kindly consented to deliver a lecture at the Congregational church next Tuesday evening, Oct. 18, on the sights, scenes and impressions incident to her recent trip abroad. She appears under the auspices of the Ladies' Benevolent Society. Admission 15 and 10 cents.

Not a bad corn year when a man hucks one hundred and fifty baskets from an acre of land. Ask Oates about it.

Carrier Atherton who has not missed a trip for nearly two and a half years has been about sick this week but has stuck to his job.

Riley P. Brown and wife, of Chicago, arrived in town this week. Mr. Brown has returned to Chicago.

Mrs. Hattestad and children joined the pastor of the M. E. church Wednesday and are at home in the parsonage.

Remember the Ellwood entertainment of the lecture course Monday evening, Oct. 24.

The continued wet weather interferes with best digging.

John Furrow left for California this week to spend the winter.

A course of six lectures will be given in the college this winter and among those who are to appear will be Prof. E. H. Lewis, Chicago; the Rev. Mr. Denison, Janesville; the Rev. Mr. Staff, Fort Atkinson, and two members of the College faculty.

Dr. E. B. Swift left Thursday for Knoxville, Ill., where he has an engagement for two lectures, and then goes to Iowa, returning here in about ten days.

Mr. and Mrs. Brigham visited at Clem W. Crumb's Tuesday.

Mr. Paynter, butter maker for the Janesville creamery at the Six Corners, has moved into the house at the creamery, which the creamery purchased of R. White and the latter has bought the Ball house on Fort Atkinson street in this village.

Mrs. Rogers, of Welton, Iowa, has rented the Waterman place and will make Milton her home.

Mrs. Elmer Hansen, of Barron, is visiting Milton relatives.

Prof. Hartley T. Jackson writes from Carthage (Mo.), Collegiate Institute that he is enjoying his work and getting along nicely.

Charles Patterson, of Fort Atkinson, was in town Thursday to arrange for the erection of a monument in the village cemetery to the memory of his mother.

The supper at the S. D. B. church Wednesday was a record theater in the tent-cent line. The receipts were \$29.

PORTER.

STATE COMMITTEE'S APPEAL.

To the thoughtful and conservative voters of Wisconsin:

The republican state ticket headed by former Gov. Edward Scofield will remain in the field, notwithstanding reports to the contrary, and one of the most vigorous campaigns ever waged in Wisconsin will be carried on in the interests of that ticket.

We call for volunteers in every ward, town, and village to meet and organize at once where organizations have not already been perfected. Where such organizations already exist, it is expected that steps will be taken at once to pass the word to open the battle.

Within the next twenty-four hours let those who believe in representative government, in conservative, constructive principles, in the stability of our institutions, assemble in their several communities, and at their county seats and arrange for a meeting to be held within forty-eight hours for the purpose of enlisting volunteers who will organize and appoint committees whose duty it shall be to perfect organizations in every voting precinct.

Let fire and enthusiasm mark every step. We have ample time to bring our arguments home to every voter before election day if we act at once, and this is the real end and object of the work.

Let the people of Wisconsin know that a sound and wise conservatism can be made aggressive.

Our purpose is not negative, but positive and constructive.

Let every true republican awake and prepare to redeem the state of Wisconsin from misrule and corruption.

REPUBLICAN STATE CENT. COM.
 By Theo. W. Goldin, Chairman.
 F. R. Bentley, Secretary.
 Milwaukee, Oct. 12.

This appeal has been sent out to the republicans of the state by the State Central Committee. It should be read and carefully considered by every republican voter in the state. The men back of the appeal are republicans whose loyalty has never been questioned. They have a constituency which represents a majority of the party in the state. They oppose the election of Governor La Follette, because they believe that his administration is corrupt, and his theories dangerous. They ask the support of all republicans to defeat him.

has of election is through democratic support. He realizes this himself and is forming alliances all over the state with this object in view. If that is republicanism God save the state.

NOT A REPUBLICAN.

The La Crosse Chronicle, in a leading editorial, under the heading, "Not a Republican," refuses to support the governor. The Gazette has never put it quite as strong as this and is now carrying his ticket because the supreme court pronounced the convention which nominated him "regular," and because the National Committee, which has about as much sense as the Lord gave geese in handling the Wisconsin situation, endorses him.

There are some things about Governor La Follette, however, which the Gazette is unable to reconcile from the standpoint of republicanism and the reader must determine as to his loyalty.

A Roosevelt-La Follette club is supposed to stand for republicanism. These clubs are popular in the governor's strongholds, and counties like Grant and La Fayette belong to this class. Congressman Landis, of Indiana, and Speaker Cannon, of Illinois, speaking under the auspices of a La Follette committee, addressed an audience of 22 people at Platteville last Monday night. On Tuesday night they had a fair sized audience at Mineral Point. At the close of the meeting Mr. Landis said: "Now, ladies and gentlemen, I propose three cheers for Roosevelt, Fairbanks and Babcock." Three men responded and Mr. Landis turned around surprised, and picking up his overcoat said: "I think you must have misunderstood me, ladies and gentlemen. Cheers was what I wanted. Now let's show our republican enthusiasm by giving three rousing cheers for Roosevelt, Fairbanks and Babcock." The same three voices responded, and the balance of the audience hissed.

They were to speak at Lancaster the following evening but before the hall could be secured a demand was made that the name of Congressman Babcock should not be mentioned. This is a fair sample of the "Roosevelt-La Follette club" brand of republicanism. How do you like it? If the electoral vote of the state is saved to the party, it will be saved by the men who are opposing the governor.

At Antigo, the other night, a man came up to Mr. Jeffris and said: "I'm going out to hear you tonight, but I am going to vote for La Follette."

Mr. Jeffris said: "Why are you going to vote for La Follette?"

"Well," he said, "I'll tell you why. I'm a Hearst-Bryan red-headed fire eating democrat and that's what La Follette is." An unprejudiced opinion from democratic sources. How do you like it?

Mr. Cochens, of Milwaukee, one of the governor's right bowers, said last Wednesday night: "The governor is going into Rock county next week to clean up Senator Whitehead." Why? Because Senator Whitehead is a republican. How will he attempt to clean him up? By supporting a democrat. How do you like it, and what do you think of that kind of republicanism?

STILL IN THE RING.

For the past few days the atmosphere has been full of rumors about withdrawing the national republican state ticket from the field. This course was recommended by a few of the party leaders who felt that the national ticket was in danger and who argued that loyalty to the national party was of supreme importance.

These men also felt very keenly the insult offered by the national committee in recognizing the La Follette state central committee. A meeting of republicans from all parts of the state was held in Milwaukee Wednesday afternoon and the large and enthusiastic attendance resembled a state convention.

After a full and exhaustive discussion covering every feature of the situation, the following resolution was unanimously adopted:

"Resolved, That it is the judgment of this meeting, most emphatically expressed, that the present republican ticket, headed by former Gov. Edward Scofield, be kept in the field, and we pledge to him and his associates our most enthusiastic support, and that the state central committee be heartily commended for the work already accomplished, and that the campaign be vigorously pushed from now until the date of election."

This means that the campaign will be pushed with vigor until election day. It is estimated that there are at least 100,000 conservative republicans in the state who will not vote for La Follette. These men have consistently opposed the governor and they elected a majority of the delegates who were opposed to him in the state convention, but were deprived of their rights by an unprincipled state central committee.

To throw up the organization now and retire from the field would be to tacitly endorse the administration which they have been opposing. The only argument advanced in favor of this policy was the argument of expediency, and there was too much principle involved to render any weight to this sort of claim.

The lid at the state house must be removed, by republicans if possible, by democrats if necessary. The hot bed of intrigue and corruption surpasses any thing in the history of the state, and it is time to call a halt.

A more determined set of men

never assembled than the men which composed the meeting in Milwaukee last Wednesday. They were neither place seekers nor office holders. They were simply plain every day republicans possessed of a single purpose, and that was to redeem the state from the blight of La Folletteism. They hope to accomplish that purpose this year. If not they will stay by the state until the masses recover from the wild fanaticism which now enthralled them. The state central committee acted wisely in keeping up its organization and continuing the fight.

The republican party is greater than the governor of any state and it will live in Wisconsin long after La Follette is forgotten.

The prohibition ticket will be a good outlet this year for people who want to keep out of the Wisconsin muddle.

PRESS COMMENT.

Sheboygan Journal: The only obstacle to burying the hatchet in Wisconsin is that there isn't enough room in the state for a grave.

Chicago Tribune: Republican harmony in Wisconsin, according to the Milwaukee Sentinel, is "ossified." From which we infer that somebody up there still has a bone to pick.

Cincinnati Commercial Tribune: Prohibitionists will be delighted to learn that the Japs use beer bottles for insulators on field telephones—after emptying the bottles.

Onkosh Northwestern: The indications are that a big majority of the voters in this state this year will cast their ballots for a man who has whiskers.

Bau Claire Leader: It is hoped there will be no withdrawal of the Scofield ticket. If the principles were worth fighting for at the state convention and afterwards, they are worth fighting for now.

El Paso Herald: New York, and Wisconsin are doing enough mud slinging in their state campaigns to raise the general average of the very quiet campaign year of 1904.

Appleton Crescent: There is one thing, however, which juggle of figures cannot conceal. The "reform" administration has been the most expensive and extravagant in the history of the state.

Chicago Record-Herald: George W. Peck is running for governor of Wisconsin and writing humorous articles for a syndicate. The labors of Hercules were mere child's play.

Madison Democrat: The graduate coach-system is being tried at the University of Wisconsin—sorely tried, some star players are disappointed because they were not elected to places on the board of directors of the athletic association, and refused to play. Some of them need all their time for study, anyway.

New York Sun: The heavy hand of Despotism is swatting freedom once and again. The unionized school children of Chicago have been in the habit of striking upon slight or no provocation. Now the Chicago policemen have been instructed to spank those spirited scholars "good and hard." Thus does Despotism attack both forward and aft.

Green Bay Gazette: Here is a new objection to immigration. Members of the Rock River Methodist conference in Illinois declare that immigration is due the present inclination to make a holiday of the Sabbath, therefore immigration should be restricted. It is some of these same members who advocate flirting in church because it tends to increase the attendance.

Superior Telegram: The Canadians are not warming up to the reciprocity idea. Their newspapers are printing a picture of a big cow standing with her head in Canada and her rear in the United States, with the words "Reciprocity" on her side. A Canadian is pictured feeding the cow's head while Uncle Sam is apparently very busy extracting the milk from her udder. That is what they seem to think of reciprocity.

Waukesha Freeman: Carroll College has 160 students, the largest number ever enrolled at the institution, and it would be no very great surprise if the beginning of the winter term witness the covering of the 200 mark. Carroll College is certainly growing and President Carrier is to be congratulated on the fine showing already made.

Grant County Herald: They have dug up a stone man down in Nebraska and science is studying the curiosity. It is the exact reproduction in stone—without mark of sculptor's tool—of a living being. They think it may be thousands of years old. But what does science know about it? Three weeks ago the fellow may have been a country editor. It doesn't take them long to become hardened.

Who is who?

"Linen" Garden Party. A "linen" garden party was recently given by the lord mayor of Belfast. The most attractive costumes worn by the ladies were entirely of linen, and the men wore linen waistcoats. The idea originated in the very successful "all linen" ball at Belfast last year, which was given to aid the staple industry of Ulster.

Fungus on Corks.

It has been found that some of the cork imported in this country from Algeria is affected by a fungus growth, which, unless the corks are sterilized, gives bottled liquids an unpleasant taste.

WHITEHEAD IS WELL RECEIVED

HIS MEETING LAST NIGHT SIMPLY AN OVATION.

THROWS DOWN THE GAUNTLET

If the Governor Fights Him, He Will Fight Back—Will Not Spare the Facts.

Senator Whitehead has met the issue fairly. He has addressed a meeting in a hostile city and come away with honor. According to old-time republicans, the senator spoke to the largest and most enthusiastic audience in Clinton Junction last evening. In Clinton Junction last evening that has gathered for a political gathering. After the meeting former La Follette leaders came to the senator and thanked him for his address and said they had become enlightened on many points which had hitherto remained in the dark. The senator was not interrupted during his address except by a call for physicians to come to the aid of George Earle, the city marshal, who had been badly injured by a train. He was well received and had an attentive audience.

One Question Asked
Byron Snyder, a leading La Follette sympathizer, arose at the end of the address and asked if he might be allowed to ask a question. On being told he could, he proceeded to read from a typewritten sheet a series of questions pertaining to the senator's stand in supporting Governor La Follette and the state republican platform. The audience had partially left the hall when the question was asked but they all returned and when Senator Whitehead stepped down into the audience and said, holding up a brief of the speech of County Clerk Starr, that on Monday night last County Clerk Starr and Fred Minor, a state official, had made an address at Orfordville in which had been denounced and his defeat asked for and that he understood the governor was about to come into the county and if he attacked him and urged his defeat he would come to an echo and he was cheered to an echo and it was after this announcement that people crowded around him and gave him the ovation referred to.

An Able Speech
Senator Whitehead's speech was an able one. There was no mixing of facts. Figures and the senate journal were not jumbled. Accounts were not mixed for political purposes and the hearers went away understanding the situation as it really exists. For two hours and a half the senator talked on state issues prefacing his address with an appeal for the support of Roosevelt and Fairbanks. Perfect order reigned in the room and there was no disturbance, although one had been advertised and it had been expected that questions would be asked with a hope of breaking up the meeting. Senator Whitehead will speak there later in the campaign. Tonight the senator speaks at New Ark and on Saturday evening at Cookville. Monday night he speaks at Hanover; Wednesday night at Center; and Thursday night at Magnolia, and Saturday night next week at Johnston.

Making Ready
T. S. Nolan and his assistants are busy men just at present. They have just completed a poll of the county and find that one-fifth of the democrats of the county are going to vote for La Follette. Work of perfecting the county organizations is being hurried along and by the time the governor begins his raid upon republican voters in Rock county the county committee will be ready to direct a counter raid that promises to make Rock county the seat of war for the campaign. As Senator Spooner said, Rock county has four rocks to throw at the governor, in the shape of three assemblymen and one state senator, and the county is preparing to throw them. Mr. Nolan is letting no plans escape his notice. He is in communication with all parts of the county and will be ready to meet any emergency.

Up at Edgerton
At Edgerton, a Peck democratic club has been organized with two hundred and twelve members, all pledged to vote for the democratic nominee for governor. They are in earnest about their work and the campaign in the northern part of the county promises to be as warm as it is in Janesville and vicinity.

Fear's Talk
According to Assemblyman James Fear of Hudson it is not necessary to vote the republican ticket this fall to be a republican. Introduced as the gentleman from Hudson who was a candidate for the state senate from the sixteenth senatorial district and had always voted the republican ticket with the following advice to voters: "This campaign is not a matter of Spooner or La Follette, nor is it a matter of a republican or democratic party but it is a campaign of principle and when you cast your ballot vote for these principles wherever you find them regardless of party." This was the statement of a republican assemblyman seeking election as a republican state senator, talking to a republican audience at a republican rally. Mr. Fear's shriek "Silence Jim" is well earned. The grace with which he referred to the charges that the book companies had furnished two thousand dollars for the last campaign, excluding it on the grounds, the railroad had contributed over \$200,000 to the cause, and the glittering generalities he dealt in when he said the extravagance and corruption charges brought against the present state administration were not issues of this campaign, were amusing. His audience consisted of about a hundred and fifty hearers. Many of these were stalwarts, many were boys, many were democrats and the rest were state office-holders or members of the governor's private committees. There was little or no enthusiasm;

little or no applause except by the gallery from Janesville who had driven up to see the thing through. He was introduced by L. E. Cottle of Edgerton. He did not refer to Senator Whitehead except in a general way as one of the senators who had voted against the administration measures for the past four years. That is, he read the senator's name among the list of others who had voted against per measures. His list of senators, however, was composed entirely of the governor's black-list and not a word of reproach was uttered against any of the other senators who had voted with the conservatives against measures. State Veterinarian Robert, Oil Inspector Charles Conrad, Grant Fisher, Tom Earle, and other prominent adherents of the governor were in the audience. Mr. Fear speaks at Clinton Junction Saturday night.

LECTURE COURSE AT ROCK PRAIRIE

Strictly Country Community Will Enjoy Sixth Successful Season, Opening Thursday.

Next Thursday evening the Young People's Christian union of the Rock Prairie United Presbyterian church will inaugurate their lecture course for the sixth consecutive season, the opening number being an entertainment by Ross Crane, cartoonist, clay-modeler, and musical specialist. It is worthy of remark in connection with this announcement that so far as known there is no other strictly country community in the United States which makes a success of such a series of high class entertainments as those which have been presented from year to year by this association. L. H. Wickham lectures on Nov. 22, Arthur Hawks on Jan. 23. The Dinnbar quartette and ball-players are dated for Dec. 16, and a big concert of home and outside talent is being arranged for Feb. 22.

WARNING ISSUED REGARDING FUEL

Health Officer Does Not Want People To Take Paving Blocks for Fuel Purposes.

Health Officer Merritt this afternoon asked that a warning be issued to all persons who have been taking the wooden blocks from the pavement on South Main street home for fuel. Dr. Merritt says that these blocks are full of germs and must be dried before being used and that in the drying these germs will fly about and spread disease. He states that there is not a case of any contagious disease now existing in Janesville. Contractor Benson has given away many of these blocks and they have been carted home for fuel. It is the custom to dry them behind the stove and in this way the germs that have become scattered and are liable to spread contagion. The doctor calls attention to the conditions that existed in Freeport when a new sewer was being laid there and thirty cases of diphtheria, which existed in one street, was directly traced to the use of these paving blocks by poor families for fuel.

PLEASURE SEEKER MUCH GRATIFIED

New Amusement Enterprise Makes an Interesting Announcement.

The amphitheater of Vespasian at Rome called the "Coliseum" was the largest building in the world devoted exclusively to pleasure. The ancients were fond of only games which brought out physical development and strength. The present generation returning to the better class of pastimes for its diversions and recreation. All of us have not the time during the day to indulge in athletics and quite a number do not get the necessary recreation which the body requires. This is probably reason why roller skating is becoming such a favorite in all the larger cities and amusement centers. Janesville, never slow to keep pace with its larger neighbors, is very fortunate in having such a convenient building as the Coliseum for its evening's entertainment. This building on Silver street was formerly known as the rink, but so many improvements have been added that it would hardly be recognized by the former visitors. The floor has received a glassy polish and a large number of electric lights have been added, which with its new decorations, give it a clean, bright, new appearance. The skaters which were formerly used have been taken to the factory and all have been with each working part in good order.

Anticipating a large attendance which is inevitable under the present popular management, a large number of extra skates were secured. These are all of the best make and of the most approved pattern. The opening on tomorrow night will be made unusually interesting by the splendid program which will be given by the Imperial band, beginning at 8:30 and lasting to 10:30.

Says Michigan Will Win: Dr. G. B. Thiermer returned last night from a visit in Ann Arbor where he has been watching the University of Michigan scoring machine do things on the football field. He is certain that Michigan will defeat Wisconsin at Madison, the 29th of this month.

Tried to Hide in Trees: Last evening as the 9:25 passenger was pulling out for St. Paul a tramp tried to steal a ride on the coal tender and had excavated a comfortable hole to hide in when discovered by the fireman and ejected in no gentle manner. On account of the many hold-ups recently the trainmen are keeping an unusually sharp watch for this sort of customers.

Mailed Without Stamps: Envelopes without stamps containing third class mail matter have made their appearance in the local post-office boxes and are exciting considerable curiosity. The order permitting this went into effect only a few weeks ago. Instead of the stamp there is printed on the envelope "One Cent, Paid in Money, Order No. 1." Much time and trouble for both the post-office and the business men will be saved by this new departure.

TO INVESTIGATE THE PEAT BEDS

Milton Business Men Will Investigate the Value of the Deposits.

At a recent meeting of the Milton Business Men's association held last Wednesday evening the question of finding a method to utilize the vast amount of peat deposits in the Koshong marsh was brought up and discussed. As a result a committee of three was appointed to select samples and send them in to the experimental factory in Chicago. P. M. Green, G. R. Boss, and R. W. Brown were the committee chosen. The question of using these great peat beds has often been discussed in this section of the state. Several experimental factories have been started near Fort Atkinson, but have always been abandoned owing to the high cost of manufacturing a suitable product.

VARSITY FRESHMEN WANT TO PLAY HERE

Seek to Arrange Game with High School Football Team on November 5.

On the area back of the Grant school building last evening two high school teams put up the liveliest scrimmage that has been seen in practice this season. The reserve team, composed mainly of smaller boys, repeatedly broke through the regulars' defense for good gains and finally added a shining touch to their remarkable performance by scoring on the high school. This put the big fellows on their mettle and they have sworn never to let it happen again. In a practice game with the big "Tie Ticks" Wednesday afternoon the high school galloped back and forth on the field with the greatest ease and it was humiliating to be held down by youngsters little more than half their size. The University of Wisconsin athletic management wishes to pit the varsity freshmen against Janesville in a game to be played in this city on November 5. It seems quite probable that the contract will be closed, the only objection being that the local boys are already booked to play a number of teams that are not in their class.

Buy It in Janesville. TICKET TO STAY IN THE FIELD

National Republican, is The Name Designated by the State Central Committee.

The executive committee of the conservative republicans held a meeting today at which plans for the campaign, which it has decided to continue, were discussed. All the state candidates from ex-Gov. Edward Scofield down, appeared before the committee and pledged themselves to remain on the ticket, and after they had done so the ticket was certified to this secretary of state under the name of the "national republican ticket."

It is now up to Secretary of State Houser to decide whether or not he will allow the state to use the name. If he decides that the name is an infringement on the name republican he will decline to allow the ticket to be printed on the ballot under that name and more court proceedings may follow.

At the meeting plans for speakers also were decided. It was announced that twenty-five orators will start out at once. Among them are Senators J. V. Quarles, ex-Attorney General W. H. Mylrea and E. A. Hicks, Willett Spooner, M. G. Jeffris, M. G. Kenworthy, and a score of others. Senator Spooner will not speak in the campaign.

The question of campaign funds has been settled. It is said, and money has been secured in sufficient quantity to conduct a vigorous campaign.

STARTS A BANK FOR THE POOR

Peoria Minister Organizes Company With \$500,000 Capital.

Peoria, Ill., Oct. 13.—Dr. George H. Simmons, pastor of the First Baptist church, who for three seasons, has given Sunday evening lectures in the Coliseum to 5,000 persons, has made the announcement of the organization of the Interstate Bank and Trust company, with a capital of \$500,000. It is primarily a bank for poor people, those of the slums being invited and thronged to bank with the new concern. Thus Dr. Simmons expects to do a double work for humanity. Interested with him are the Danforths of Washington, Ill.; bankers; Peter Ancker, for thirty years connected with the German-American bank of Peoria, and other capitalists. From the proceeds of the bank old buildings will be torn down and new homes for the poor and needy will be provided.

HEADACHE POWDERS ARE FATAL

Autopsy Shows Traces of Poison and Prosecution Results.

Peoria, Ill., Oct. 13.—William J. Africa, a restaurateur, was found dead two weeks ago and the coroner's jury returned a verdict of death due to excessive use of a patent headache powder. The body was exhumed on request of the family and an autopsy was held, which showed blood clots on the brain and heart, unmistakable evidences of poison. The family will bring suit against the company, which has its head offices in Chicago, charging the sale of poison without the labels required by law. The amount of damages in the civil case is fixed at \$10,000. A criminal suit also will be instituted.

SEVEN PERSONS HURT IN CRASH AT CHICAGO

Baltimore & Ohio Passenger Train
Crashes Into a Freight Train
Falls to Carry Lights.

Chicago, Ill., Oct. 14.—The Pittsburg limited, the fastest train on the Baltimore & Ohio railway, crashed into a Pere Marquette freight train early Thursday night at Seventy-fifth street and Western avenue. Seven passengers were injured, a number more bruised, and all exposed to great peril when the freight train, which contained a car of powder, caught fire. The fire department by hard work prevented an explosion. Four cars were destroyed. The injured:

J. J. Ames, Denver, Colo.; nose and jaw broken, cut by flying glass.

Elizabeth Butterson, Germantown, Pa.; bruised on head and back.

Joseph Faffield, Deep River, Iowa; arms bruised and chin cut.

Mrs. Ella Miller, 59 years old, Wheeling, W. Va.; bruised on right side and face.

Mrs. Ambrosia Miller, 55 years old, Zanesville, O.; left side of jaw bruised; probably internally injured.

Frank Ranson, Newark, Ohio; back crushed and internally injured.

T. J. Smith, postal clerk, Chicago Junction; back crushed and internal injuries.

The accident was due to the fact, it is said, that the freight train carried no rear lights. It was the second accident on the Baltimore & Ohio within thirty-six hours.

The passenger train had been held at the Forest Hill crossing at Seventy-ninth street to allow a Walbash train to pass. As soon as the semaphore was thrown, giving the incoming passenger train the right of way, Engineer Mitchell threw open the throttle to make up lost time.

While the train was speeding toward the Grand Central station the crash came. Although thrown from his seat, the engineer covered the locomotive, but not before it had plowed through four freight cars.

Hamilton, Ohio, Oct. 14.—During the annual "walk around" at the Miami university, Oxford, a party of 150 students wearing night robes went to the Western college for women. While part of them made a demonstration in front of the main hall, monopolizing the attention of those on the inside, the rest entered and looted the college pantry, carrying off the pastry and food prepared for 250 girls. The raid was not discovered until morning. The collegians also visited Oxford college for women, but contented themselves with a ghost dance there, doing no further looting.

PURE WHISKY SCARCE ARTICLE OF COMMERCE

Government's Chief Chemist States
That Fully 85 Per Cent of Liquor
Is but a Cheap Imitation.

Washington, Oct. 14.—Following close on the whisky fatalities in New York and the revelations of bad liquor made there, Dr. H. W. Wiley, chief of the government bureau of chemistry, has expressed the opinion that fully 85 per cent of all the whisky sold in this country, in hotel restaurants, clubs and bars, was nothing less than a cheap imitation. Dr. Wiley said:

"Agents of this bureau will obtain as many samples as possible of the different brands on sale throughout the country, known to us as the compound, or imitation whisky. These will be obtained from clubs, hotels and bars of every description. Comparisons will be made with the real whisky, and the ingredients of both will be carefully analyzed."

"From what we have heard from dealers in whisky, I am led to believe that fully 85 per cent of the ordinary whisky of commerce is the adulterated article. It is a fraudulent transaction and should be prevented. It is my opinion that pure whisky except in the most moderate quantities is an injury to the human system. How much more so, then, must be this adulterated compound?"

"The compound whiskies, it must be said, are usually made under the legal system of rectification, but my contention is that the real and the imitation should be so labeled. Then the responsibility will rest on the purchaser. Laws to this effect should be passed. If the pure-food bill becomes a law the government will require this label on all whisky entering interstate traffic."

POISON LURKS IN ICE CREAM

Residents of Mishawaka, Ind., Want
an Official Investigation.

Mishawaka, Ind., Oct. 14.—Basing the estimate upon the reports of physicians, at least fifty Mishawaka people have been poisoned here within the last three days. Some became violently ill, the symptoms resembling those of ptomaine poisoning. Doctors now express the opinion that the suffering is the result of people eating ice cream or ice cream soda. All the persons who thus far have become ill admit of having eaten the frozen article in some form and a great many are anxious to have an official investigation conducted. It is not known whether the poisoning is due to adulterated milk or whether some poisonous substance entered the cream in the course of the freezing process.

Hadley, W. Va., Oct. 14.—The Hadley and Lincoln Coal companies have resumed work after being idle over a year.

FREE The American Boy

THE AMERICAN BOY FOR OCTOBER.

The October "American Boy," with its football cover and ninety illustrations, ought to make a boy's heart jump with pleasure. This number is especially attractive. Its stories are: Part one of "Jimmy-boy's Commission"—a war story; chapter eight of the editor's "Three Yankee Boys in Ireland"—a travel story; "A Boy Canvasser"—a business story; "The K. O. D.'s and P. A. C.'s"—a football story; "The Recollections of a Boy and a Rod"—a fishing story; "Why the Flinn-Egan Stock Company Failed"—a humorous story; chapter two of "My Four Years at West Point" by a graduate; "Rob's Sacrifice"—a business story; and "How General Morgan Won His First Shoulder-Straps"—an Indian story. As leading articles fully illustrated, there is "The Boy Who Would Go to Sea;" "The Famous Children's Crusade;" "Millions of Frogs Wanted;" "Hallow-e'en;" "The Boy Who Dares;" "Training a Football Team;" "Baseball in the Navy;" "Wonderful Boy Swimmers;" "Rowing for Boys;" "Bee Trailing in the Blue Ridge;" "Hurdling;" "The United States Amateur Press Association Convention;" "Bees for Boys;" "Changes in Football Rules;" "Helen Gould's Gift to Boys;" "The Orator's Preparation;" "A Noisy Campaign;" and the editor's talk with boys entitled "Just Between Ourselves." Under the general title of "How to Do Things" there is "Hints on Conducting a School Paper;" "Clever Work with a Pocket Knife;" "The Drawing Room Magician;" "How to Make a Miniature Theatre;" "How to Make a Gieblet from a Coconut." Besides there is a message from Governor Warfield of Maryland to the boys of America, a page devoted to the Order of the American Boy, books reviewed, directions for saving, drowning persons, a page on stamps, coins and curios, one on amateur photography and one on puzzles. This bright newsy magazine we give away absolutely free for six months with every purchase of \$1 in our Boys' and Children's Dept.

OUR PLAN Buy \$4 or more in our Children's Department—A suit at \$3, a cap at 50c, a waist at 50c, or divide it up to suit yourself, only that your purchase is \$4 or more, and we present your boy with a six month's subscription to the "American Boy" free. A ticket is filled out that entitles the holder to the magazine each month as it comes out by presenting the card at our Children's Department.

IT'S A MISTAKE to think that a boy is without a sense of the effect of dress. He has a very natural and proper pride in wearing such suits as we sell. The Russian Eaton or the Cossack is the proper thing for the little boy 2 1/2 to 8 years. \$3.00, \$4.00 and \$5.00 The Norfolk Jacket and Knickerbockers or the plain double breasted reefer suits for boys 9 to 15 years. Plenty of nobby styles here at \$6, \$5 and \$4.

THE HIGH SCHOOL BOYS and young fellows everywhere are eager to wear our new and better sort of young men's suits, as they know them and they don't cost any more than the other kind either. Nobby things in double breast and straight front suits, \$12, 10, 9, 8 and \$7.
